

## Meet Your Child Care Specialist

### Priscilla Kostick

*Our most important consideration is the safety and development of children in the Infant/Toddler family. That's why we have dedicated Child Care Specialists who are assigned to each child in our program. Every month, we visit your child care providers to provide ongoing mentoring and skills training. And, we serve as an important point of contact for parents and families in the program.*

**Welcome to our family!** My name is Priscilla Kostick and I am your Child Care Specialist at Infant/Toddler Family Day Care. I joined the Infant/Toddler staff in July 2009. I am a Licensed Clinical Social Worker in Virginia and have over ten years of experience in helping parents work through some of life's many challenges. I have my Masters Degree in Social Work and a Bachelor's in Family Studies and Early Childhood Development. Prior to moving to Virginia in 2004, I worked at a family shelter in Boston for five years where my responsibilities included individual counseling with the residents and overseeing the shelter's on-site Children's Center.

Choosing family day care for your child is choosing a provider who will love, nurture, and encourage your baby to play and grow. Parents can choose from one of many Infant/Toddler providers and the right fit will greatly ease the transition back to work. I look forward to meeting each of the providers, children, and parents and know that the relationship we have will benefit each child's day care experience.

**I am here for you!** We understand that the first few weeks in a new child care setting can be stressful. Please feel free to contact me at the office, 703-352-3449 extension 116 or by email, [pkostick@infanttoddler.com](mailto:pkostick@infanttoddler.com). I look forward to meeting your child!
