Getting Started Become Part of Our Family

Thank you for your request for additional information about Infant/Toddler Family Day Care (ITFDC). Infant/Toddler has been bringing families together with our network of experienced and professionally trained child care providers since 1983. Our nurturing program provides care and early childhood development to children beginning at six weeks of age and beyond. With Infant/Toddler, children benefit from the special experience of forming lasting relationships with their provider in a small mixed age group setting where children learn and grow through play.

We take great pride in the expertise and professionalism of our providers - a special group of individuals who are committed to every child they meet. Each provider participates in ongoing training and education on topics related to childhood development. We help parents find an environment where they can trust that their child will be safe, respected and nurtured. We try to make things easier for parents and help them focus on choosing the best child care provider for their family. We work closely with each provider to help them complete the approval under the ITFDC license process and to successfully begin their careers as a child care provider. *Here are the first steps to getting you started:*

Why Child Care Providers Choose Infant Toddler Family Day Care

Become Part of Our Family!

We build long term relationships with our providers. We are dedicated to helping you realize your business goals. Here are just a few reasons why providers have chosen to work with Infant Toddler Family Day Care (ITFDC) since 1983.

A network of experienced and professionally trained child care providers.

Nurturing program Our nurturing program provides care and early childhood development to children starting at six weeks of age and beyond.

Professionalism Our providers are committed to every child they meet and participate in ongoing training and education on topics related to childhood development.

A trusted child care resource.

We stay involved We stay involved with every child care provider in our program, conduct continuous mentoring and ensure that children have a safe and healthy environment each day.

We have high standards Our most important consideration is the safety and development of children in the ITFDC family. We have dedicated Child Care Specialists assigned to each provider in our program and a Workforce Development Director who works with each new provider. They visit our child care providers to provide ongoing mentoring and skills training.

Responsive to your needs Our staff is always available to discuss any of your concerns to make certain that you have the support that you need.
